Subject: RE: Edenvale Solar Project LRP Request

Mr. Gohm,

This letter is in response to your inquiry about archaeological sites within 250 m of your proposed Edenvale Solar Project - as represented on the map provided June 25, 2015 . The Ministry of Tourism, Culture and Sport has consulted its records and found that this location is not within 250 m of an archaeological site reported to this office.

While the Ministry of Tourism, Culture and Sport attempts to maintain a current and reliable database covering all archaeological sites reported by licensed archaeologists in Ontario, we waive responsibility for the quality, accuracy and completeness of this information and any damages, which may be incurred through its use.

If you have any questions or need any other information, please feel free to contact me at (416) 314-7161.

Regards,

Robert von Bitter

Subject: Edenvale Solar Project LRP Request

Hi Rob,

Could we please request a MTCS Archaeological Sites Confirmation for the Edenvale Solar Project (a Large Renewable Project being proposed under the LRP I RFP) with a search distance of 250 m? We completed a 3 km search as part of our Stage 1 assessment (messages attached), but should likely get a formal statement regarding the absence of sites within 250 m for the proponent's submission.

Many thanks!

Chris
